Welcome

WE'RE SO GLAD YOU'RE HERE! Thanks for joining us today! We don't want to miss the opportunity of connecting with you. So, whether you are visiting for the first time or are a regular attendee please take a moment to fill out the *Blue Connection Card* in the seat pocket in front of you. Please return it to the seat pocket or leave it on your seat.

If you would like to give toward the ministries of Crossroads Church, please place your gift in one of the Tithes and Offerings Boxes located at each Worship Center exit. Online giving is also available on our website at www.crossroadsefc.com

Looking for more information? If you'd like to learn more about something you heard during Crossroads announcements regarding upcoming events or the ministries at Crossroads, please visit our Welcome Center Kiosk located in the Connection Area or visit our website at www.crossroadsefc.com.

We wanted you to know that...

- Assisted hearing devices are available during our services at the Welcome Kiosk.
- Once a worship service has begun, we ask that all entering and exiting the Worship Center use the east or west doors (not the center, please).
- Misplaced something? If so, please check the Welcome Kiosk for lost & found items.

In order to make our services available online and in other locations, photography and video recordings may take place while you're here at Crossroads. Your presence signifies your consent for Crossroads Church to use your image. Thanks for your cooperation.

faith community nursing...

As we reach the peak of summer, something for parents to remember is water safety. Except for congenital disorders, drowning is the number one cause of death in children ages 1-4. Here are some tips:

The U.S. Consumer Product Safety Commission's Pool Safety campaign has been working to spread the word about drowning prevention. Its tips include:

1. Never leave a child unattended in or near water.
2. Teach children how to swim.
3. Teach children to stay away from drains.
4. Ensure all pools and spas – both in your backyard and any public pool you may visit – have compliant drain covers.
5. Install proper barriers, covers, and alarms on and around your pool and spa.
6. Know how to perform CPR on children and adults.

For more information, I also encourage EVERYONE to visit www.levislegacy.com to consider obtaining the "Water Guardian" tags, invented by mom Nicole Hughes, in response to her own loss.
